2009 Campus Visit Schedule

Campus visits enable the CEO to observe and evaluate institutional activities through data analysis and discussions with administrators, executives, students, faculty, campus environment team, and others in the campus community to learn firsthand about the success of equal opportunity plan implementation.

February 16, the CEO postponed spring campus visits to allow time to complete diversity plan development, i.e., taking of testimony, reviewing studies, and writing. The CEO agreed to discuss the campus visit issue at the August retreat.

The institutions next in the campus visit rotation are Northern Kentucky University and Bowling Green Technical College.
